

Pricing Structure for yearly license on 'All Town and Amenity tours' for Brokers

Skype name: Hometakes

Telephone: Main: 561-623-9433

email: media@hometakes.com

Brokerage office pricing is computed on the number of agents that the company brokerage has licensed with them per their company website or records from the DPBR. The embed codes for the videos may be used by any agent that works for the brokerage for their personal real estate website as well as the brokerage website. These Videos will be watermarked with the Brokers company name directly on the video. Licenses can be purchase based on zip code grouping, a county, multiple counties or the state. Entire Counties may include zip codes that border the surrounding county line and are outside of that county.

For offices with 101 agents or more, any package chosen will include a license for all the amenity photos that are in the area licensed. The photos will be watermarked with the following: "licensed to [name of your company] © Hometakes". This watermark is not permitted to be removed under any circumstances. Removal of it will constitute a violation of the license and will be subject to revocation of the all licenses (including video) and without refund. Offices with less than 101 agents, amenity photos may be purchase with a lifetime license and can be used by any agent actively working for the company. The cost is \$50 per amenity photo. Individual agents may purchase amenity photos with a lifetime license (not subject to the company that they work for) with the watermark "licensed to [name of agent] © Hometakes" for \$100 for 12 photos and is subject to the same violation terms above.

When a video tour is ordered for a property, there is no charge for the accompanying town and amenity tour (should one be available). The tour will appear on the agent template of the property tour regardless of what zip code area that the property is located in (even if its outside of the Embed code package purchased). For tours that are not yet available, production may take 45 to 60 days.

0-1 Agents

1 Group of zip codes	\$699
Entire County (All zip codes in the county)	\$999
Two Counties	\$1899
Three Counties	\$ 2799
